Points to Note

1. ASC is the Main Line Operator. The Indian offices of the foreign shipping line may operate as Authorised Sea Carriers. Any agent employed by the Authorised Sea Carrier to act on his behalf shall be registered as Authorised Sea Agent.

2. If a user is already registered on ICEGATE as a shipping agent, he can apply as Authorized Sea Carrier in the SCMTR application directly using his existing ICEGATE login.

3. Shipping Lines need not again register separately as ANC or ATP. Only Transhipment bond has to be given separately at the port of registration to operate as Transhipper also.

4. For ACU operating at multiple locations, ICEGATE registration can be taken for the master entity at one of the location. While filing the SCMTR application, details of other locations/custodian codes can be given under Authorized operations.

5. ACU is such person approved as Custodian by the Commissioner of Customs section 45 of the Customs Act 1962. For more details on SCMTR related matters, kindly refer the FAQs here.
