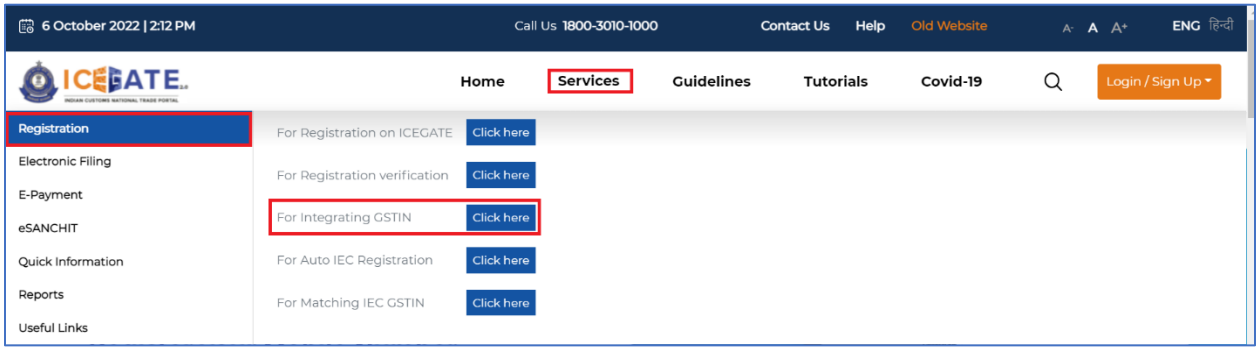
GSTIN Integration Automation Advisory

GSTIN Integration Automation

GSTIN Integration service allows trade to integrate their GSTIN with customs. To integrate GSTIN with custom follow the following process:

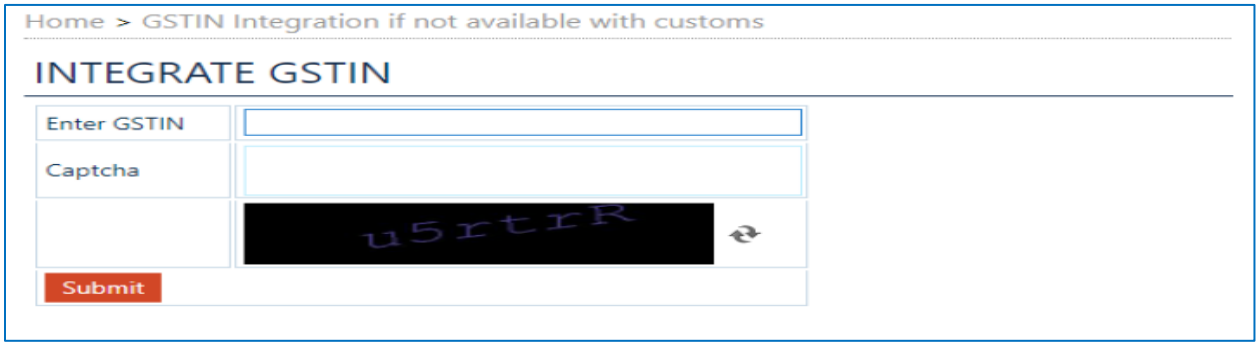
Step-1:

The GSTN integration functionality is available under ICEGATE Services on ICEGATE home page. Click on **Services >> Registration >> For Integrating GSTN** to Integrate GSTIN with Custom.



Step-2:

Enter the GSTIN Number and Captcha and Click on **Submit** button.



Step-3:

On successful submission on GSTIN number and Captcha, GSTIN will register with custom and reflect on custom after 24 hours.
